2019 Field Leaders Conference

Equipping Your Field Leaders for Success: A Results-Oriented Conference

Three days away from the job that will transform and elevate your field leader's vision, perspective and performance.

October 9, 2019 – October 11, 2019 Detroit, MI

Give your field leaders the skills they need to be a business- and results-oriented manager focused on growing your company's profits and brand.

Sending your field leaders to this conference is an investment that will pay for itself many times over...Here's why!

We could tell you how valuable the field leaders conference is, but it probably means more to hear what other contractors and their field leaders have had to say about the program.

"Being a mechanical contractor in today's market is as challenging as it has ever been. Technology and innovation are evolving at a rapid pace and it is imperative that we make every effort to assure all of our people are trained and educated to keep pace. This particularly holds true for our field personnel who are on the front lines daily. As a large mechanical contractor, we provide a high level of training for our people on a consistent basis, but we are constantly looking for a program that helps take that training to another level. The MCAA Field Leaders Conference fits that need perfectly.

Not only does this program provide the highest level of education and training for our field personnel, it also allows them to interact with their peers throughout the country. This interaction is invaluable and stimulates our people with new ideas and energy. Besides providing everyone with great training, they come back highly motivated to take what they have learned and push it down throughout the organization. It is truly remarkable.

I cannot recommend this course enough and, if you want to take your team, and your company to the next level, make sure you take advantage of this course. We have sent a significant number of people to previous sessions and will continue to do so as long as they are offered.

Don't miss out. Get your people signed up today!"

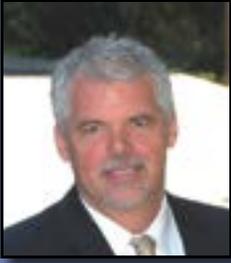

Keith Atteberry, President/CEO Marelich Mechanical, CO., Inc., Hayward, CA

Your Field Leaders Will Learn:

- To view themselves as professionals;
- The importance of the bottom line;
- Why customer relationships matter;
- How to establish tangible goals;
- What's the "smarter" way to work;
- Their role as the face of your company; and
- What it means to be a great foreman.

Conference Speakers

Mark Breslin, President of Breslin Strategies in Alamo, CA, is the fourth generation of his family engaged in the construction industry and he knows its issues first-hand. Mark is known for his straightforward presentation style and as one of the foremost speakers on labor-management relationships, change management and workforce development. He is the author of several books including *The Five Minute Foreman—Managing the People Side of Construction* and *Alpha Dog—Leading, Managing and Motivating in the Construction Industry*.

Kevin L. Dougherty, a leading construction industry consultant, has been guiding organizations as they adapt to a changing industry. He provides realistic, open-minded tangible solutions to today's problems. Kevin is based in Sarasota, FL, and frequently speaks to construction industry organizations who welcome his engaging, enthusiastic manner.

Greg Fuller, is the President and owner of Indianapolis-based North Mechanical Contracting and Services Company. Greg began learning about the craft at age five when he'd meet his father on jobsites. His journey continued into his teen years when he stocked shelves in his father's small plumbing service company while gaining new insights into the business. After completing his apprenticeship, he joined North Mechanical and moved up to Project Manager when the position opened with the departure of the owner's son.

Christopher A. Haslinger was appointed to the position of Administrative Assistant to the General President on January 1, 2019. Chris handles various assignments such as Local Union Officer Educational Programs, UA Organizing Contribution Collections and other tasks as designated. Previously he served as the UA's Director of Education and Training and his apprenticeship as an HVACR technician with Local Union 50 in Toledo, Ohio. Chris has an Associate's degree in Industrial Training, a Bachelor of Arts degree in Labor Education and a Master's degree in Business Administration. He is also a graduate of the MCAA's Advanced Leadership Institute (ALI).

John Koontz, MCAA's Director of Project Management Education, brings a balance of academic and practical experience to his presentations. A former tenured associate professor in Purdue University's Department of Building Construction Management, he served as Purdue's mechanical construction management coordinator. He has been teaching since 1992. Prior to this, he spent 15 years in the employment of MCAA contractors in a variety of positions including senior project manager, project manager, project engineer and estimator.

Mark Rogers is the Chief Operating Officer of West Chester Mechanical Contractors. He started out as a steamfitter, then started West Chester Mechanical in 1996. The company specializes in private commercial work in the healthcare and educational arenas. An MCAA past president and Chair Emeritus of MCAA's Education Committee, Mark's passion is education for *everyone* involved in our industry. He continues to help develop programs and sessions for the association, including the "Real Cost of a Manhour" presentation, which he has delivered over 125 times in the past eight years.

Conference Program

Wednesday, October 9

2:00 p.m. – 4:00 p.m. **Registration**

To enable you to exchange ideas with other supervisory personnel about the challenges you face, you will be assigned to a group of field leaders from outside your area. **The number on your badge indicates your assigned table.**

4:00 p.m. – 5:00 p.m. **Opening Remarks, Conference Overview, and Getting Acquainted**

MCAA leaders will explore the program and why your employers have invested in you with this leadership training. You'll get to know the other members of your group—plan to discuss your company, its size, your projects, and your interests.

Throughout the conference, you will develop at least three takeaways at each session, compile them onto a worksheet and return to your job with a list of action items you can put to work immediately.

5:00 p.m. – 6:00 p.m. **Discussion on What Keeps You Up at Night**

John Koontz and a panel of contractors will lead a discussion on the challenges and opportunities that keep you up at night.

6:00 p.m. – 7:00 p.m. **Networking Opportunity**

Join your fellow attendees for a beverage or two before dinner.

7:00 p.m. – 8:00 p.m. **Team Dinner**

You will sit with your assigned group of jobsite leaders during dinner.

Thursday, October 10

6:30 a.m. – 7:30 a.m. **Breakfast Buffet**

7:30 a.m. **Reconvene**

7:45 a.m. – 10:00 a.m. **The Foreman's Impact on Profitability** [Mark Rogers]

You'll hear how you impact the company's profitability, learn the importance of accurate costing and strategies for managing actual hours to budget.

10:00 a.m. – 10:30 a.m. **Break**

10:30 a.m. – 11:30 a.m. **What Does it Mean to be a Great Foreman?** [Greg Fuller]

You'll discuss the top 10 attributes of a great foreman.

11:30 a.m. – 12:15 p.m. **Lunch Buffet**

12:15 p.m. – 3:00 p.m. **Building Relationships: Communication on the Jobsite** [Kevin Dougherty]

As the frontline face of the company and the leader of your crew, you'll learn how to:

- Communicate with different players;
- Be a better listener;
- Deal with difficult people; and
- Bridge conflict and personality clashes.

You'll take away tricks and tactics to help you get even the most difficult person eating out of your hand and other ideas to improve communication with your crew, other subs, your management and owners.

3:00 p.m. – 3:30 p.m. **Break**

Conference Program

Thursday, October 10 (cont.)

3:30 p.m. – 5:00 p.m. **Jobsite Technology** [Chris Haslinger]

UA Training Director Chris Haslinger will discuss the latest in new equipment and technology that's changing the way projects at the jobsite are managed and performed.

5:00 p.m. – 7:00 p.m. **Product Demonstrations and a Happy Hour or Two**

You'll have a chance to explore the latest tools and construction resources from many of MCAA's Supplier Partners. You'll also see some of the United Association's favorite products and technology resources.

Friday, October 11

6:30 a.m. – 7:30 a.m. **Breakfast Buffet**

7:30 a.m. – 9:15 a.m. **Great "Project" Leadership – The Thing that Separates the Good from the Great** [John Koontz]

Good foremen are primarily focused on their own workers and their own scope of work. Although necessary, this by itself is often a short-sighted perspective which prevents greater project success, especially on large and/or difficult projects. Although great foremen have this same focus, they also have a much broader "project based" focus that focuses on all aspects and all parties of a project which in turn causes greater project success. Great foremen see leadership as a much larger role than just worker supervision. You're not just leading your workers, you're leading the project.

In this session, John will discuss how great project leaders successfully lead the following other parties:

- *The Owner, CM, GC, A/E, Other Trades, Inspectors, and Commissioners*
- *Their Project Manager, Boss, Other Departments or Divisions, Warehouse/Trucking, Fab Shop, CAD/VC/Detailing, Sub-contractors, and Vendors*

9:15 a.m. – 9:30 a.m. **Break**

9:30 a.m. – 11:30 a.m. **Legacy Leadership** [Mark Breslin]

This session will focus on the compelling reasons to promote positive change and the most effective means of achieving it. You will learn:

- *The necessity of seeing field leadership as a professional position, not a blue-collar occupation;*
- *The difference between building projects and building people;*
- *The three most effective ways to motivate people on the jobsite;*
- *How to use influence instead of authority and how that impacts the project*
- *Mentoring, coaching and the difference between them; and*
- *How to empower and engage through solicitation of field input and shared decision making.*

Your stash of new ideas, strategies and tools will help you create a professional self-identity and enhance crew performance.

11:30 a.m. – 1:00 p.m. **What Have You Learned to Make You a Better Field Leader?** [John Koontz]

*You'll discuss the best practices and takeaways you've learned during the conference and prepare your personal **Action Item List**.*

1:00 p.m. **Conference Conclusion**

"Companies with a desire to improve, grow, and be successful should not miss this training for their field personnel."

—Steve Dawson
